

**BART Agreement Number: 6M8122**  
**Work Plan No. A.06 - Irvington Infill Station Project**

**Approval Date: 10/30/18**

**Scope:**

The Scope of Work includes Project Management, Controls, Administration, and Preliminary Engineering Design consisting of civil, structural, architectural, systems, mechanical, electrical, plumbing, right-of-way engineering and surveying, geotechnical, constructability, staging, and scheduling for the Preliminary Engineering Phase of the Irvington Infill Station Project. CONSULTANT will develop the Project Engineering Design from prior planning, environmental, and engineering studies as updated by a concurrent planning and environmental effort led by the City of Fremont. This effort, led by the City of Fremont, is expected to be completed by Spring of 2019. CONSULTANT will comply with the latest BART Facilities Standards and applicable District policies including accessibility, sustainability, art, and applicable environmental mitigations.

**Prime:** PGH Wong
