

BART Agreement Number: 6M8145

Approval Date: 08/03/21

Work Plan No. B.07-03 – C75 Storage of Portable Substations

Scope:

This workplan is the amendment to the existing C75 workplan to include the recent direction from BART to provide a stage construction effort and additional details for the communication design. The original project scope was to provide the storage laydown area for the Traction power substations as BART approaches to execute the replacement of existing substations systemwide.

Prime: Jacobs
