Update 5/4/2020 Notification #2: Goats for Weed Abatement at Gallegos Winery Site
Spring 2020

Summary of Activity: A team of goats will soon be at the Gallegos Winery site to remove weeds, grasses and other overgrown vegetation. The goats and their handlers will be at the site for approximately two weeks. For your safety, please note any posted signs about staying clear of the area.

Impacts:

Increased noise in areas where goats are located.

Dates:

April to May 2020
